Purpose:
To ensure that parent payment practices are consistent, transparent and ensure that all children have access to the standard curriculum.

Rationale:
The Victorian community shares a vision to build an education system that champions excellence and ensures that every child and young person has access to the opportunities to succeed in life, regardless of their background or circumstances.

Schools are best placed to make local decisions which ensure that all students can access a broad range of learning opportunities that support their expectations and promote their aspirations as they move through the education system. Parent contribution, in all forms, assists schools to provide an enriched learning and teaching program for every student and is highly valued by school communities.

Learning and teaching programs vary across schools based on local needs and circumstances and reflect each school’s priorities, decisions and resources. This, in turn, informs the parent payment charges approved by school councils that may vary from one school to the next.

Implementation:
What can schools charge for?
The Education and Training Reform Act 2006 provides for instruction in the standard curriculum program to be free to all students in government schools. School councils are responsible for developing and approving school-level parent payment charges and can request payments from parents under three categories only- Essential Student Learning Items, Optional Items and Voluntary Financial Contributions.

Essential Student Learning Items are those items, activities or services that are essential to support student learning of the standard curriculum. These are items that the school considers essential for all students and which students take possession of. Parents may choose to provide the items themselves or buy the items from the school where practical and appropriate.

Optional Items are those items, activities or services that are offered in addition to or support instruction in the standard curriculum program. These are provided on a user-pays basis so that if parents choose to access them for students, they are required to pay for them.

Voluntary Financial Contributions
Parents can be invited to make a donation to the school for a general or specific purpose, e.g. school grounds projects, library fund or for new equipment. Only some Voluntary Financial Contributions are tax-deductible.

The attached diagram "Understanding Parent Payment Categories" provides examples of items and materials under each category.

In implementing this policy, schools must adhere to the following principles:

**Principles**

- **Educational value:** Student learning, aspirations and wellbeing are paramount when schools determine their parent payments practices.
- **Access, equity and inclusion:** All students have access to the standard curriculum program and participation of all students to the full school program is facilitated.
- **Affordability:** Cost to parents is kept to a minimum and is affordable for most families at the school.
- **Engagement and Support:** Early identification and engagement strategies by the school ensure parents are well informed of the payment options and supports available for those experiencing hardship.
- **Respect and Confidentiality:** Parents and students experiencing hardship are treated with respect, dignity, sensitivity and without judgement and the identity and personal information of all parents and students are kept confidential in respect to parent payments.
- **Transparency and Accountability:** School parent payment practices are well communicated, clear and transparent and their impact on student programs and families are reviewed by school councils.

**Cost and support to parents**

When school councils consider the proposed requests for parent payments the cost is kept to a minimum and is affordable to most parents at the school.

School principals must ensure that:

- items students consume or take possession of are accurately costed.
- payment requests are broadly itemised within the appropriate category.
- parents are advised that they have the option of purchasing equivalent Essential Student Learning Items themselves, in consultation with the school.
- information on payment options is available, accessible and easily understood to all parents so that they know what to expect and what supports they can access.
- parents are provided with early notice of annual payment requests for school fees (i.e. a minimum of six weeks’ notice prior to the end of the previous school year). This enables parents to save and budget accordingly.
- parents are provided with reasonable notice of any other payment requests that arise during the school year - ensuring parents have a clear understanding of the full financial contribution being sought.
- the status and details of any financial arrangements are kept confidential and only shared with relevant school personnel.
- parents experiencing hardship are not pursued for outstanding school fees from one year to the next.
- use of debt collectors to obtain outstanding school funds owed to the school from parents is not permitted.
- there will be only one reminder notice to parents for voluntary financial contributions per year.
- Invoices/statements for unpaid essential or optional items accepted by parents are not generated more than monthly or according to the parent payment arrangement with the school.

Support for families
Families may experience financial difficulties and may be unable to meet the full or part payments requested. Principals and school councils exercise sensitivity to the differing financial circumstances of students and their families when considering parent payment fees. There are a range of support options available to support and assist parents. These can be accessed through “Cost support for families.”

Consideration to hardship arrangements in respect to payment requests is provided to families experiencing long term hardship or short term crisis on a confidential, case by case basis. All schools have written hardship arrangements that include a proactive approach to providing support for parents experiencing financial difficulty. All parents are provided the name and contact details of a nominated parent payment contact person at the school who they can discuss payment arrangements with.

Engaging with parents
In respect to each school’s development of its parent payments, school councils will engage in effective communication with the school community and have strategies in place to ensure they are aware of and understand the needs and views of parents.

Review of policy implementation
Schools will monitor the effectiveness and impact of the implementation of this policy at least annually as part of its ongoing improvement and report back to the school community.

The full Parent Payment Policy is available from the Department’s School Policy and Advisory Guide. Answers to the most commonly asked questions about school costs for parents see: Frequently Asked Questions – For Parents

Evaluation:
This policy will be reviewed as part of the school’s four-year review cycle.

Understanding Parent Payment Categories

**Schools**

**What does the legislation say?**

The Education and Training Reform Act (2006) provides for free instruction in the standard curriculum program to all students in government schools. The Act also empowers school councils to charge fees to parents for goods and services provided by the school to a child.

In the Act, a ‘Parent’ includes a guardian and every person who has parental responsibility for a child including parental responsibility under the Commonwealth Family Law Act 1975 and any person with whom a child normally or regularly resides.

**What do schools pay for as part of ‘free instruction’?**

Free instruction is the teaching staff, administration and the provision of facilities in connection with the instruction of the standard curriculum program, including reasonable adjustments for students with disabilities.

The standard curriculum for Years F-10 means implementation of the Victorian Curriculum F-10.

The standard curriculum for senior secondary schools means a program that enables a student to be awarded a VCE or VCAL qualification.

**What principles govern parent payment practice?**

*Educational Value | Access, Equity & Inclusion | Affordability*

*Engagement & Support | Respect & Confidentiality | Transparency & Accountability*

**Parents**

**What may parents be asked to pay for?**

Schools can request payment for

**Essential Student Learning Items**

These are items, activities or services that the school deems **essential** to student learning of the standard curriculum.

Where practical and appropriate, parents may choose to purchase items through the school or provide their own.

These may also be either:

**Items the student takes temporary or permanent possession of**

- textbooks, activity books, exercise books
- stationery, book bags
- student ID cards, locks
- cooking ingredients students will consume
- materials for final products that students take home (technology projects, build-your-own kits, dioramas)
- Picture Exchange Communication Systems

**Activities associated with instruction that all students are expected to attend**

- i.e. travel, entry fees or accommodation

- e.g.
  - excursions
  - incursions
  - school sports
  - work placements

Parents can be asked to pay for items, activities and services in the three Parent Payment Categories:

- **Essential Student Learning Items**
- **Optional Items**
- **Voluntary Financial Contributions**

Schools determine how items, activities and services are classified within these categories based on the learning and teaching program of their school.

Parents can invite **Voluntary Financial Contributions** for

- e.g.
  - Building or Library fund (Tax deductable)
  - Voluntary contributions for a specific purpose, such as equipment, materials, services.
  - General voluntary contributions

Support for families experiencing hardship is available at every school and each school has a parent payment contact person. See your school’s policy for more information.

For more information on Parent Payments and Personal Devices, visit the DET website at: www.education.vic.gov.au
Schools will develop their own implementation approach; however the following elements need to be covered to comply with the DET policy:

**Parent Payment Charges**

**Essential Student Learning Items**

School Council has set the Booklist Essential Items at a total of $110 at each Year Level for 2017. These items are essential to support student learning of the standard curriculum. These items are considered to be essential to all students within the school. For those families with a Health Care Card, they can apply to the school to access the Low Income Family Assistance (LIFA) Program funded by School Council. LIFA will cover the cost of the Booklist for those students.

**Optional Items**

Throughout the year, the school will offer Camps, Excursions and Incursions on a user pay basis. Many of these will be fully funded for all students by School Council through the LIFA Program. Eligible students are also able to access the Camps, Sports and Excursions Fund (CSEF) to pay for these Camps, Excursions and Incursions.

**Voluntary Financial Contributions**

Families are able to make Voluntary Financial Contributions to the school. These contributions are greatly appreciated and we use them to enrich the quality of the school environment, both classroom and playground. The computers/iPads, music equipment, playground equipment and gardens around the school are great examples where this extra assistance has been used in recent years. We appreciate any voluntary financial contribution you are able to make. Voluntary Contributions can be made when collecting the school booklist or at any other time by contacting the Business Manager (Jess King).

**Payment arrangements and methods**

Payments can be made to the school by cash, EFTPOS or eligible families can access their CSEF funds for certain items. Parents that would like to pay by instalments can contact either the Principal (Brian McFall) or Student Wellbeing Manager (Barb Heeney) to arrange for a payment plan to be put into place.

**Family support options**

There are a number of support options available to families:

- Our onsite uniform Shop offers low cost uniform options and has a selection of second hand uniform items available for sale.
- Eligible families are able to apply for the Camps, Sports and Excursions Fund (CSEF) that can be used to cover payments for Camps, Excursions and Incursions.
- State Schools Relief may cover the cost of new school uniforms, shoes, books and more for disadvantaged students. State Schools’ Relief only responds to requests from school principals, assistant principals or welfare coordinators. Parents or Carers who are struggling need to make an appointment with Student Wellbeing Manger (Barb Heeney) to discuss their situation.
- Local community supports – School Council has funded the Low Income Family Assistance (LIFA) Program. Families that have a Health Care Card are able to apply to the school for support through this program.

**Consideration of hardship**

The school will provide support to parents/guardians experiencing hardship. The nominated parent payment contact person is the Principal (Brian McFall) or Student Wellbeing Manager (Barb Heeney) who can be

contacted by phone (9789 9552) or in person about their financial situation and related difficulties in making payments.

Note: in reflecting on the school’s hardship arrangements, we will attempt to engage with parents disconnected from the school who may be experiencing hardship, such as discretely approaching families who may need support and special payment arrangements.

Communication with families
Once the Parent Payment Policy has been approved by School Council, it will be sent home with the school newsletter and published on the school website (http://www.frankstoneastps.vic.edu.au/Policies/Policies.html)

If parents wish to make general inquiries about charges they can contact the Business Manager (Jess King) by phone (9789 9552) or in person.

Monitoring and review of the implementation of the policy
This policy will be monitored by School Council throughout the year and reviewed in November each year. The updated policy will be published after the November School Council meeting.

This policy was last ratified by School Council in... November 2016
