Dear Parents & Friends,

Student Leadership Badge Presentations

Our Student Leaders for 2014 were presented with their badges at a special assembly held last Friday in the school hall. Many thanks to our Federal Member for Dunkley, Mr Bruce Billson, for presenting the badges at the assembly.

School Council Elections
The closing date for nominations for School Council closed on Monday night at 4pm. The number of nominations we received was equal to the number of positions that were vacant. Therefore, there is no need for an election. The following people will be on School Council for the next 2 years:

- Kerryn Anderson
- Barb Heeney
- Emma Ryan
- Megan Steele

We thank them for their nomination and look forward to working with them on School Council.

Until next time,
Brian McFall
Principal

Maths Share

Legs eleven

NUMBER
M52

You will need
Your Page
paper and pencil
calculator

What to do
Estimate the number of legs in your house. (Include people, animals, furniture, beds, electronic equipment).
List the number of items with two legs, three legs, four legs or more in separate columns on Your Page.
Use your calculator to work out the total number of legs.
How close was your estimate to the actual number of legs?

Something extra:
Estimate the number of shoe lace holes in the shoes in your house.
Design and fill in columns like you did for the chairs.
Use your calculator to find out how close your estimate was.

WHERE’S THE MATHS?
Guessing (estimating) and checking; multiplying; use of calculator.

HINTS FOR PARENTS
This could take quite a bit of time! If you work out groupings first, it will be simpler. Final adding can be done in different ways - across columns, up and down rows.
