Principal's Message

Week 3: A Splashing Good Week! 

Dear Families,

It's certainly been a water-themed week at Frankston East Primary!

Our students have made a big splash during their **swimming lessons at PARC**, showing wonderful confidence and enthusiasm in the pool. It's been fantastic to see everyone building their water safety skills and having such a great time together. A huge thank you to staff and parents for supporting the program, it's always a highlight of Term 4!

Adding to the aquatic theme, we discovered a **leaking water pipe** at the front of the school earlier in the term, and it has taken quite the effort to repair!

After some investigation, it turned out that one of our large gum trees had sent a root right through the pipe, causing a crack. Sadly, the tree needed to be removed to prevent further damage.

Repairs have now been completed, and everything is flowing smoothly again.

And just when we thought we'd seen enough water, **today's torrential rain** certainly kept things interesting! Thankfully, our students handled it with their usual good humour, and a few soggy shoes.

Dad joke of the week:  Why did the ocean break up with the pond?

Because it found someone deeper! 

Stay dry, stay smiling, and have a wonderful week ahead.

Warm regards,

Warren Bull
Principal – Frankston East Primary School

LUNCH: Icy poles \$1 each**

Bring some coins on Thursday the 6th of November to help the ET Reps raise money for Sea Shepherd, to aid in their mission to halt the trawling of krill in the Antarctic. Trawlers are operating 24/7 despite dozens of whales around them trying to feed off the krill. For some species of whales this is their only food source. Penguins and seabirds also feed off krill as part of their diet.

Safety improvements on Cranbourne Road and Beach Street

The Department of Transport and Planning will be installing a new signalised pedestrian crossing on the westbound lanes of Cranbourne Road near Beach Street in Frankston. The new crossing will link to the existing crossing on the eastbound lanes via a footpath in the centre median, improving access to schools, shops, bus stops and other local amenities. Please see the maps attached to see what we're doing and the location of the school speed zones.

Access changes at Frawley Street

We're closing the right-hand turn from Frawley Street onto Cranbourne Road to make the intersection safer. The intersection has a history of crashes involving right turning traffic.

The intersection has restricted visibility, and it can be difficult to find gaps between oncoming traffic on Cranbourne Road, particularly during peak periods. Motorists also have restricted visibility when stopped in the centre median opening due to vehicles queuing in the right turn lane on Cranbourne Road. The centre median opening is also too short for larger vehicles, such as trucks and buses, which can block eastbound traffic on Cranbourne Road while waiting to turn.

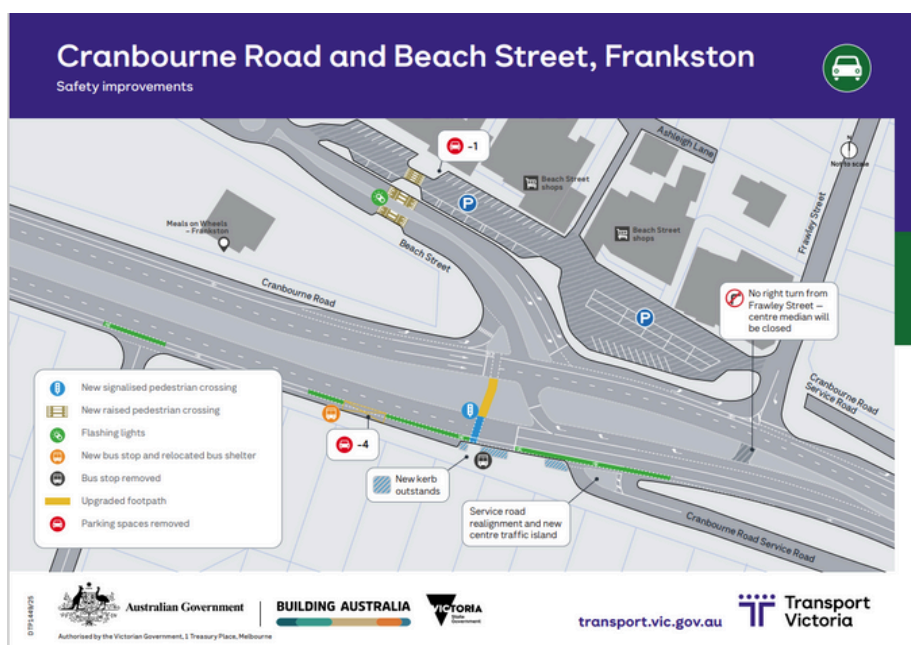

Alternate route to access the westbound lanes of Cranbourne Road

Drivers can turn left from Frawley Street onto Cranbourne Road and then perform a U-turn at either the centre median opening near the Frankston RSL or at the U-turn opening near Coprosma Avenue.

What's next

Works are expected to start on these important safety upgrades in early 2026. We'll keep you updated about dates and construction impacts closer to works starting.

Kind regards,
Cranbourne Road and Beach Street safety improvements project team
